

## STEPS TO FOLLOW

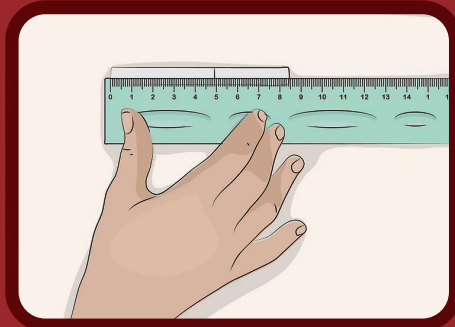

**STEP 1:**  
Cut a strip of paper or a piece of string. The paper should be approx 1 cm wide & 12 cm long.

**STEP 2:**  
Wrap the paper or string snugly around the finger, allowing easy sliding over the knuckle for comfortable ring wear.

**STEP 3:**  
Use a pen to mark the paper or string where the long ends overlap.

**STEP 4:**  
Measure the length of the paper from one end to another in cm (using a ruler)
