

IndusInd Bank enhances its core banking system to Finacle 10.2 version

Mumbai, December 13, 2012: IndusInd Bank has enhanced its core banking system to power the Bank's exponential growth agenda. Built on new generation technology, Finacle 10.2 enables IndusInd Bank to accelerate innovation and stay ahead of emerging customer demands. By leveraging Finacle, the Bank personalizes offerings, bundles products and enriches its segment-specific product portfolio.

Finacle core banking implementation has now been successfully implemented across all branches to facilitate the delivery of state-of-the-art banking services. The Bank is also live on Finacle's Consumer e-Banking solution since April 2011 and is serving over 180,000 customers through this channel.

Mr. **Romesh Sobti**, MD & CEO, IndusInd Bank said, "The Bank believes in driving its business through technology. Finacle, besides helping us scale up our businesses, gives us flexibility to respond to and be proactive about changing customer needs."

Adds, Mr. **Paul Abraham**, Chief Operating Officer, IndusInd Bank said, "Finacle core banking implementation is one of the most significant steps in the Bank's transformation journey. With this infrastructure, we expect facilitation of the Bank's ambition for significant growth, in terms of client base, physical branch network, distribution channels as also the range and sophistication of its product suite."

Mr. **Haragopal Mangipudi**, Global Head - Infosys FinacleTM, said "We are delighted with the successful implementation of Finacle core banking at IndusInd Bank. With this core banking implementation, IndusInd bank is ideally placed to accelerate innovation, offer superior products and stay ahead of emerging customer demands."
