The Client agrees that in the event of any refusal / return / refund / rejection of any proposed transaction/s (for any reason/s whatsoever) for which Bank may have processed the Instruction/s of Client, the Client shall hold the Bank neither responsible nor liable for any losses, damages, liabilities, actions and/or claims (including any penalty, charges, interest, expenses accruing/arising therefrom).

6. Acknowledgements

- (a) The Client hereby acknowledges that it is utilizing the E-Banking Services at its own risk. Client understands and accepts that the Bank shall not be responsible for any of the risks and that the Bank shall disclaim all liability in respect of these risks. These risks would include the various risks as below: -
- (i) Misuse of passwords - Client acknowledges that if any unauthorized/third person obtains access to the password, such unauthorized/third person would be able to have access to the E- Banking Services and to provide instructions to the Bank and transact on the accounts of the Client. In such event, the Bank shall not be liable for any loss, damage sustained to Client. Client shall ensure that the terms and conditions applicable to the use of the password/s are complied with at all times. Also, Client agrees that the Bank will do the setup only as per the User Acceptance Form
 - (ii) Internet Frauds - Internet per se is susceptible to a number of frauds, misuse, hacking and other actions, which could affect instructions given to the Bank. Whilst the Bank shall provide security, to adhere to the standards prescribed by the RBI/IFSCA in respect of security measures, transactions conducted over the internet etc., to prevent the same, there cannot be any guarantee from such internet frauds, hacking and other actions which could affect the instructions given to the Bank. Client shall separately evolve/evaluate all risks arising out of the same.
 - (iii) Mistakes and Errors - Client shall ensure that there are no mistakes and errors and the instructions given by the Authorized User to the Bank and instructions in this regard are without error, accurate, proper and complete at all points of time. On the other hand, in the event of Client's account receiving an incorrect credit by reason of a mistake, Client shall immediately inform and return such amounts to the Bank. The Bank shall be entitled to reverse the incorrect credit at any time whatsoever without any prior notice to the Client. The Client shall be liable and continue to remain liable to the Bank for any unfair or unjust gain obtained as a result of the same.
 - (iv) Technology Risk - Despite following all security and technological measures prescribed by the RBI/IFSCA from time to time, the technology for enabling E-Banking Services could be affected by virus or other malicious, destructive or corrupting code or programme. It may also be possible that the Website may require maintenance/repairs and during such time it may not be possible to process the request of Client. This could result in delays in processing of instructions or failure in the processing of Instructions and other such failures and mobility. Client undertakes and agrees that the Bank disclaims all and any liability, whether direct or indirect, arising out of loss or profit or otherwise arising out of any failure or inability by the Bank to honour Client's instructions for whatsoever reason. The

Bank shall not be liable if the instruction given by the Authorised User is not received correctly and/or is not complete and/or is not in machine readable form.

- (b) The Client agrees and acknowledges that the Bank's sole obligation and the Client's sole and exclusive remedy in the event of interruption to the E-Banking Services or loss of use and/or access to E-Banking Services shall be to use all reasonable endeavours to restore the services and/or access to the E-Banking Services as soon as reasonably possible. The Bank makes no other express or implied warranty with respect to the E- Banking Services provided hereunder, including without limitation any warranties of uninterrupted and/or error-free performance of the system forming part of the E-Banking Services, non-infringement of third party rights, title, merchantability, satisfactory quality and/or fitness for a particular purpose.
- (c) At the request of the Client, the Bank at its sole discretion may provide tools including but not limited to extraction programs, converters etc. to facilitate the use of E-Banking Services. The Client agrees that these tools are provided by the Bank solely at the request of the Client. The Bank may use third party service providers for the creation of such tools. The Client agrees and undertakes that the Client shall be solely responsible to confirm the accuracy of the tool and on-going maintenance of the same as per the Client's internal requirements from time to time.

7. Security Mechanism

- (a) The Client agrees to comply with all security procedures that are applicable for the E-Banking Services as provided by the Bank from time to time.
- (b) The Bank will provide such security procedures either electronically as a part of User Manual or on website or via electronic mail or any other process as set out by the Bank from time to time.
- (c) The Client agrees to contact the Bank immediately if they have grounds to suspect any security breach. Provided, however, the Bank will not be liable for any losses incurred by the Client on account of such breach. The Client will be responsible for any instruction that was not given by the Client upon which the Bank has acted in good faith and in circumstances where we complied with security procedures provided to the Client from time to time.
- (d) The Client agrees to comply with all the Bank's instructions on steps to remedy any security breach, including but not limited to providing the Bank with information which we may reasonably request relating to Client's use of the E-Banking service and co-operating with the Bank in any related investigation.
- (e) The Client hereby agrees to receive the authorization password by way of SMS from Bank wherever applicable and/or shall not raise any objection on any grounds whatsoever notwithstanding the fact that the number of the Authorized User might have been registered in the "Do Not Call Registry" with the cellular service provider.
- (f) The Client hereby agrees that receipt of the SMS by the Client is entirely dependent upon the network provided by third party aggregators and cellular service providers.
- (g) The Client represent, confirm and acknowledge that the means and mode of Instructions as envisaged hereunder are non-secure means of communication and liable to delay, non-delivery, corruption, hacking and interception by third parties. Client agrees that the Bank shall be entitled to rely on any communication through such means and mode of Instructions on an "as is" basis without any obligation or duty to enquire into the

genuineness or correctness of such communication and all such communications shall bind the Client.

- (h) The security mechanism in respect of IndusDirect and Connect Online shall be as under:
- (i) The Client shall designate any number of its officials in accordance with its Corporate Authorisation as normal user and Authorized User depending upon the Client's internal policies and inform details in respect of such user(s) and the Authorized User(s) to the Bank in the format prescribed by the Bank from time to time and/or any changes in respect thereof shall be informed immediately to the Bank. The Bank shall not be liable in any manner whatsoever on account of the failure and/or delay by the Client to intimate the changes in the details of the designated/ authorised officials.
 - (ii) On receipt of such list from the Client, the Bank shall create user ID and password of the respective user and user with authorization rights.
 - (iii) On receipt of the user ID and password, the respective user and user with authorization rights shall login and shall change the password to one of their choice that meets the criteria as prescribed by the Bank from time to time. The Authorised Users may change the passwords from time to time. The passwords also need to be changed at such frequency as may be decided and communicated by the Bank from time to time.
 - (iv) Once the user ID and Password is generated, the normal user and Authorized User will be authorized to carry on the financial transaction under the E - Banking Services.
 - (v) Initially the normal user shall login in to the Website using the login ID and password in respect thereof for the purposes of processing transactions and issue instructions pertaining to the same. The transactions will need to be authorized by the users with authorization rights.
 - (vi) Once the Authorised User logs in the system by using his/her login ID and password, the user with authorization rights can either reject or authorise the transactions recorded in the system by the user s). The said transaction(s) shall be authorised by him/her by using his/her authorisation/ transaction password. Immediately on authorisation of the transactions, the system shall generate another authorisation/ transaction password and the said second password shall be sent to the user with authorization rights on the designated mobile number of the user with authorisation rights as informed by the Client and as recorded in the Bank's records through a Short Message Service (SMS). The said password shall be valid for a short period of time which shall be decided by the Bank from time to time.
 - (vii) If there are more than one Authorised User to authorise the transactions, as per delegated powers conferred by the Client and recorded in the system of the Bank, then the password shall be generated each time when transaction is authorised by each Authorised User.
 - (viii) Once the second password is received by the user with the authorization rights on his/her mobile, the user with the authorization rights, shall, if not already in a logged in position, shall login to the Website by using the login credentials and shall once again authorise the transaction by clicking the "Second password" and entering the password as per the delegated powers in respect of the transaction so raised.
 - (ix) Once the transaction is authorised by the users with the authorisation rights as per their delegated powers registered in the system, the transaction shall be executed and implemented by the system and will be binding upon the Client.
 - (x) The Authorised User upon receipt of the SMS within a span of time as may be prescribed by the Bank from time to time, should login into the Website using the authorisation password, and validate the transactions. In the event of the Authorised User fails to login and authenticate the transactions within the stipulated time of it being generated, the transactions generated by the user shall fail and the user will

have to re-initiate the entire process as mentioned herein to complete the Transactions.

- (xi) The Bank shall from time to time modify and/or amend any features of the security mechanism and the Client shall undertake all the measures so instructed by the Bank to be in compliance thereof and / or with a view to undertake further processing of transactions through the Website.

8. Representations and Warranties
