The Bank will disclose the interest charge applicable to the Cardholder either in the schedule of charges; monthly statement; e-mail notification or letter to mailing address or any other promotional material deemed suitable by the Bank. However, this interest charge is liable to change without notice and will apply at such rates as IndusInd Bank may from time-to-time decide from either of the following events.

27.9.1 If the Cardholder makes a payment less than the total closing balance, the entire outstanding from the date of billing will attract a interest charge. All Card Transactions incurred after the billing date but not included in the statement will also attract interest charge from the date that such transactions are effected by the Cardholder. This interest charge will be calculated on the daily balance and will be billed in the monthly statement along with applicable taxes . A Service Charge will be raised on the amount carried forward (difference between 'Total Amount Due' and the amount paid) until payment of the entire amount. Please note that making only the minimum payment every month would result in the repayment stretching over a period of time with consequent interest payment on your outstanding balance. Interest Calculation Example – If the statement cycle is 25 of every month and the January statement has one transaction: 14 January Shoppers Stop ₹10,000/-. The outstanding balance on 25 January is ₹10,000/-. If the complete payment is made before 14 February, no interest shall be levied. However, if a part payment of ₹7,000/- is made on 10 February, then

interest will be calculated as below: 1. Interest on ₹10,000 from 14 January - 25 January (11 days) = ₹10,000 x 3.83% x 12/365 x 11 = ₹138.51 2. Interest on statement balance as per 25 statement from 25 January- 10 February (16 days) = ₹10,000 x 3.83% x 12/365 x 16 = ₹201.47 3. Interest on outstanding balance of ₹3,000 from 10 February - 25 February (15 days) = ₹3,000 x 3.83% x 12/365 x 15 = ₹56.66 4. Total interest as per 25 February statement = ₹138.51 + ₹201.47 + ₹56.66 = ₹396.64 Please note in the above illustration interest has been calculated at 3.83% p.m.

27.9.1.1 Any portion of the 'Minimum Amount Due' remaining unpaid shall be carried forward and added on to the 'Minimum Amount Due' for the next Monthly Statement and bear and carry a interest charge as described above.

27.9.1.2 In case the 'Minimum Amount Due' or any portion of this amount is unpaid before the 'Payment Due Date', a late payment charge and taxes as applicable will also be levied. This late payment charge is disclosed in the schedule of charges and is subject to change. Any Minimum Amount Due or portion thereof that has been paid, shall cease to carry the interest charge after the date of receipt of payment by IndusInd Bank.

27.9.2 All cash advances will be subject to a interest charge, from the date of the cash advance up to the date of receipt of total payment towards the cash advance by the Bank.

27.10 The monthly interest charges may increase up to a maximum rate of 4% per month or such interest charge as determined by the Bank from time-to-time if the

Cardholder does not pay by the 'Payment Due Date' or exceeds his prescribed Credit Limit or in the event of a returned Cheque/ any other instrument of payment.

27.11 All cash transactions incurred by the use of the Card shall bear and carry a transaction fee and a interest charge (if applicable) at the rate determined by the Bank from time-to-time.

27.12 The exchange rate used for all foreign currency transactions will be decided by the Bank and will be binding on the Cardholder.

27.13 In the event that the total outstanding exceeds the Credit Limit, an additional charge will be levied on the total outstanding exceeding the Credit Limit.
